

SCREW-TEK LIMITED

COMPANY PROFILE

Date prepared: 3rd August, 2026

**SOLIDEX
FIXDEX**

About Us

Screw-Tek Limited (STL) is an owner-operated Trinidad and Tobago company established in February 2008 by Rishi and Chandra Mathai. The company supplies a broad range of **fasteners, hardware** and **tool solutions** for residential, commercial and industrial applications.

From a small one-office operation, STL has developed into an established supplier with five warehouse facilities, approximately **155,000 sq. ft. of warehouse** space and **8,500 sq. ft. of office** space. Its inventory capacity, experienced team and delivery operations support customers throughout Trinidad and Tobago and the company's continued expansion across the **Caribbean**.

Over the past eighteen years, STL has developed its own trusted **STL** and **STF product brands**. Driven by the directors' ambition to lead the fastening industry locally and regionally, the company established its sister company, **Celina's Marketing Limited**, in 2013 which specialises in hardware and Total tools and operates over 25,600 sq. ft. of warehouse space.

In 2024, the group expanded further with the establishment of **Hardware Land Marketing Ltd.**, created as an additional retail and distribution channel for general hardware and complementary product lines. During this period, **Screw-Tek Limited** was appointed the **authorised exclusive agent** and distributor for **Solidex** and **Fixdex** products across the Caribbean.

Social Responsibility

At the heart of Screw-Tek Limited is the Barrackpore community where our journey began. We create local employment while supporting youth, cultural and nonprofit organisations and initiatives. **Our commitment** extends to developing community and national talent across sport, the arts and culture. Through meaningful partnerships, we aim to **create opportunities** and contribute to **lasting social development**.

Enterprise Culture

Vision

To become the **leading** and **preferred supplier** of screws, bolts, nuts, washers, tools and related fastening products for residential, commercial and industrial markets throughout the Caribbean.

We aim to establish the STL and STF brands as **trusted symbols** of **quality**, **durability** and **affordability**, supported by **strong inventory** levels that enable efficient and timely delivery. Through technology, continuous improvement and partnerships with experienced international manufacturers, we are committed to achieving **sustainable regional growth**.

Mission

To provide the Caribbean with high **quality fasteners** at **affordable prices**.

To have a Team of trained, competent personnel to address **customer requests**.

To have an inventory system that operates efficiently to assure **on time delivery** of customer orders.

To be the best fastener supplier in the Caribbean, with a **vast product portfolio** that surpasses our customer requirements.

Values

Professionalism, focus, technical expertise and integrity guide **everything we do**.

Concept

Building strong communities through shared culture, shared interests and a **shared future**.

Our Products

STL supplies a **comprehensive range** of bolts, nuts, washers, screws, tools and related fastening products, sourced **directly from established manufacturers** in China and Taiwan.

Through large-volume purchasing typically **70 to 100 containers annually** and strong inventory management, the company delivers **durable, dependable products** at **competitive prices**. Our proprietary STL and STF brands, and Solidex/Fixdex **exclusive agreements** further reflect the commitment to consistent quality, reliability and value across Trinidad and Tobago and the wider Caribbean.

Our Product List includes, but is not limited to:

Screws

Screws for drywall, roofing, wood, metal, concrete and specialised construction applications, available in multiple finishes, materials and head styles.

Bolts, Nuts and Washers

Bolts, nuts and washers for structural, construction and general fastening applications, available in multiple grades, sizes and finishes, including black, zinc, hot-dip galvanized and stainless steel.

Our Products

Rods

Threaded and smooth rods in stainless steel, zinc and B7 finishes, including F1554 Grades 36, 55 and 105.

Construction

Construction fasteners and accessories, including our F1554 anchor bolts, A325 & A490 Structural Bolts (with Nuts & Washers), construction rods, studs, and installation tools in various materials and finishes.

Roofing Screws

STL supplies roofing screws for metal and wood applications, including coated and coloured options, purlin and stitch screws, plus 304, 316 bi-metal and 410 stainless-steel types featuring our STL & STF brand.

Solidex Line

Solidex offers drywall, lath, self-drilling, roofing and concrete screws in multiple materials, finishes, colours and head styles.

Our extensive product range includes a vast variety of options and many additional fasteners, tools, hardware and construction accessories. Contact us to enquire about availability, sizes, specifications and pricing.

Contact Us

Screw Tek Limited is ready to serve your business, organisation or next major project. Our trained and experienced team is only a call away, providing the reliability, product variety, quality and service **you can depend on.**

NB: STL offers **free transport** and **delivery** to **our customers** throughout Trinidad and Tobago.
